CONDENSED PRICE LIST

WHITING NURSERY CO.

YANKTON, SOUTH DAKOTA

1918

TO OUR PATRONS AND FRIENDS:—

For over thirty-four years I have been sending you a letter, every January in my catalog, and so many of you have answered my letter, in the form of an order or inquiry, that in many cases we have become fast friends.

This may possibly be my last letter, as thirty-four years of the strenuous work necessary to carry on a nursery business, is, I feel, all one man should give of his life.

We want to sell all the stock that is left on the place, this year, if we can. Our stock was never better. We still have a good lot of all standard varieties, and an immense stock in Ash Seedlings, Apple Trees, Shade Trees and Black Hills Spruce, and we hope to be able to clean up this year so that we can sell the land which we already have platted in tracts suitable for suburban homes.

We shall give your order the same careful attention that we have always practiced. We want your order early, as the sooner you get it in, the better selection you will have. We should like the privilege of substituting different sizes, or varieties as good. If you are willing that we do this, mark the order blank accordingly.

We enclose order blank and envelope.

Rules that have held good in our former catalogs will be followed, as usual. Send cash with order.

Yours very truly,
GEO. H. WHITING, President.
